IBM & IPSAR Software Lab report on Emerging Technologies

The IBM Business Analytics 40-hour course, expertly delivered by Trainer Ms. Moitri Hazra, was successfully completed by 20 dedicated students. The course commenced on 11th September 2024 and concluded on 4th October 2024. During this period, students gained valuable insights into data analysis techniques and business intelligence tools.

The training was comprehensive, equipping the participants with both theoretical knowledge and hands-on experience, preparing them to apply analytics in real-world business scenarios. Their commitment and hard work throughout the program mark a significant step in their professional development in business analytics.

Dr. J.K. Misra
